FREEDOM BEGINS AT HOME

At VOX we believe that a real freedom begins at home, and the interior is more about your individual needs and lifestyle rather than a specific style. That is why we inspire, advise and provide comprehensive interior design solutions - matched collections of furniture, doors, floors and decorative walls.

VOX DESIGNERS

We know that the more talented the people, the greater their ideas. That's why when we work on our collections we invite talented designers to join our creative search. In this way, thoughts and expectations materialize into beautiful and useful products.

NATALIA POLAKOWSKA

Chief designer of Kerradeco patterns. Every day she connects design with the production process. She emphasizes that she is constantly looking for inspiration and that she loves what she does. She is motivated by the fact that her work improves the closest human environment. She adheres to the principle that the designer must listen to the customers, understand their needs and think of their interiors. She likes to look for effects not only in graphic motifs, but also in combinations of various shades, structures and refractions of light. Kerradeco is the result of her daily observations of the world and interpretation of trends.

DOROTA BALEWICZ

Until she started designing patterns herself a few years ago, she had underestimated the role of a well-thought-out pattern on a furniture board, fabric, wall cladding or floor. Now she notices that her patterns are becoming more mature and her eyes – more sensitive to their effect on the interior. When creating décors for the collection, she oscillated around wood, handmade paper and natural linen. Because of their ability to build a cozy mood, beiges, blacks and broken greys are particularly close to her aesthetics.

LIDIA GALICA

She believes that pattern gives rhythm to the space in which it appears. So when designing cladding, she not only has in mind accentuating the wall, but also building the character of the entire interior. Faithful to traditional methods, she first creates drawings by hand and only later transfers them to the digital world. When creating décors, she balances between what is geometric and organic. Most of her designs are inspired by nature and the colour range of Creative furniture.

IWONA ROSADA

A designer who tries to understand the user. That is why in her work she is guided primarily by empathy. In interiors, she particularly appreciates the role of fabrics – their ability to build mood and create coziness. When creating modern check from the Textile collection, she was inspired by the weaves and colours of the original Scottish tweed.

DANIL DANELIUK

A versatile artist who in his analytical approach to reality always finds room for emotionality. When designing Geometric patterns, he combines in an attractive way colour intensity with a warm texture of fabrics. He believes that thanks to the unique visual and tactile impressions the customer can decide on the level of "emotionality" of the space.

KERRADECO. WALL ANEW

Each interior has different possibilities. Each one can create an individual, inspiring atmosphere. The modern Kerradeco decorative walls, created by VOX stylists and experts, makes walls cease to be part of the background and integrates into your lifestyle. A large palette of decors and colours gives you endless design option and the new, textures provide a tactile touch sensation. Kerradeco is not only aesthetically pleasing but also has exceptional technical qualities. Kerradeco is non-flammable with enhanced sound insulation and also impact and moisture resistant.

STONE COLLECTION

Stone is a symbol of everything that is timeless and durable. For centuries it was synonymous with security. It was this that inspired us, when creating the Stone collection. As a result our stone designs, from marble and granite, to concrete are inspired by buildings and architecture. Feel it! A characteristic feature of the designs from this collection is the texture that is palpable to the touch, reflecting the natural graininess and roughness of the stone.

Stone Ivory
135 x 29,5 cm | 270 x 29,5 cm

Stone Misty
135 x 29,5 cm | 270 x 29,5 cm

Desert Stone
135 x 29,5 cm

Terrazzo
135 x 29,5 cm

Loft Concrete
135 x 29,5 cm

Stone Moon
135 x 29,5 cm

Grey Stone
135 x 29,5 cm

Loft Rusty
135 x 29,5 cm

Stone Anthracite
135 x 29,5 cm | 270 x 29,5 cm

WOOD COLLECTION

Wood introduces harmony to space, creates an atmosphere and is a universal design option. In the Wood collection we have included a whole palette of colours – from warm classics, through modern shades of grey and white, to a range of vintage tones. Individual patterns also differ in the wood pattern. Touch it! The touch and feel created by the wood texture, the wood grain, knots and how we connect the boards all combine to recreate the natural beauty of wood.

Ash Wood
135 x 29,5 cm

Wood Brandy
135 x 29,5 cm

Wood Vintage
135 x 29,5 cm

Snowy Wood
135 x 29,5 cm

Wood Carbon
135 x 29,5 cm

Concrete
135 x 29,5 cm | 270 x 29,5 cm

TEXTILE COLLECTION

The fabric is an extremely inspiring material, which is why the Textile collection is like a wardrobe. And in it - classic tweed, modern tartan and something retro can be found. Colours are mostly subdued, but there is also a strong accent. Regardless of how the pattern is created the overall effect is unique and cosy. A pleasant, almost warm to the touch surface brings to mind an authentic fabric weave. Check it yourself!

Blue Tartan
135 x 29,5 cm

Scotch
135 x 29,5 cm | 270 x 29,5 cm

Retro Grey
135 x 29,5 cm

Tweed
135 x 29,5 cm

The pattern consists of 4 designs. The carton contains 8 panels, 2 panels with each pattern. They can be arranged in any configuration.

Knits Beige
135 x 29,5 cm

Knits Cool Grey
135 x 29,5 cm

Knits Warm Grey
135 x 29,5 cm

GEOMETRIC COLLECTION

There are interiors in which it is worth breaking with tradition. With this in mind, our designers have developed a bold collection based on graphic motifs. Geometry, monstera leaves, knitted weaves – everything new and unique. We have chosen the best structure and patterns so you can touch and see the amazing effects of combining geometric patterns and textiles.

Geometric Light
135 x 29,5 cm

Geometric Green
135 x 29,5 cm

Geometric Cafe
135 x 29,5 cm

Houses Tuli
135 x 29,5 cm

Houses Italia

Typography
135 x 29,5 cm

Confetti Balloons
135 x 29,5 cm

Origami Birds
135 x 29,5 cm

Geometric Mesh
135 x 29,5 cm

Geometric Linen
135 x 29,5 cm

FLORAL COLLECTION

We are more and more willing to introduce pots with plants into our interiors. The collection with botanical patterns allows you to get even closer to nature. Aesthetic graphics with leaves and flowers look as unique on their own as they do in the company of live specimens. A monochromatic, dense jungle or a lush vine against a bright background? Decide for yourself which plants give you the most relaxation.

Jungle Leaves
135 x 29,5 cm

Night Forest
135 x 29,5 cm

Grey Forest
135 x 29,5 cm

Hanging Plants
135 x 29,5 cm

TILED PATTERNS COLLECTION

Intriguing tile motifs give the interior a unique character. The vintage-inspired architectural pattern will fit perfectly into the landscape of any home. Mustard yellow will bring positive energy to the interior, and in the company of calm grey it will not obtrusively fight for the foreground.

Multiform
135 x 29,5 cm

FOR BUSINESS

Kerradeco offers a perfect solution for public and commercial spaces. The variety of patterns and textures provide excellent showcase options for architects and interior designers, and now we can offer personal and bespoke prints which will give any cafe, hotel, office, beauty salons or corporate Head Office its own individual unique look.

VERSATILE USE

The unique combination of functional features and technical parameters means that the Kerradeco wall system can be used in almost any conditions. Kerradeco works great in spaces exposed to moisture, damage and intensive cleaning.

GOOD INVESTEMENT

A perfect example of the implementation of Kerradeco is showcased at Krynica Apartments. The investor was looking for a system that could be installed quickly, with minimum disruption or mess and would provide a personal and unique finish to each apartment.

TECHNOLOGY

The exceptional aesthetic and functional values of Kerradeco are due to the Kerracore technology used during production. It was developed by technologists and designers from VOX Research and Development Center. Since the creation of Kerracore technology, we have been constantly improving it, in line with the growing expectations of our customers and the changing reality. Creating solutions which minimise our impact on the environment is one of our core values, that is why we use recycled material as part of our production process. The result is a modern, safe and durable polymer composite.

KERRADECO BIO

FOR TECHNICAL SPECIFICATION

For projects requiring a technical and functional material we have developed Kerradeco Bio series represented by the Bio White pattern. The Kerradeco Bio White not only shares all the standard benefits of the Kerradeco range but also has Bacteriostatic properties, which allow their use in Hospitals, Doctors surgeries, beauty salons and food processing areas.

Bio White
270 x 29,5 cm
300 x 29,5 cm

Coating
with
silver ions

THE HIGHEST LEVEL OF HYGIENE THANKS TO SILVER IONS

The highest level of hygiene thanks to silver ions. This unique element has the ability to bind bacterial enzymes, which limits their multiplication, leading to their total extinction. In addition, the coating enriched with nanoparticles does not undergo leach out and abrasion – its antiseptic effect remains unchanged despite the daily operation of the coated surface.

GREAT POSSIBILITIES

The top layer of Kerradeco panels is a carrier of a thermally embossed pattern, finished with digital printing. This design allows us to get the highest quality product with a realistic texture. It is protected by a UV-cured varnish layer. Kerradeco not only offers a wide range of patterns and designs, but now thanks to our advanced digital technology we can offer bespoke individual designs personalized to your specific requirements, e.g. company logo, graphic sign or photo. This is an ideal way to emphasize the specificity of a business or the specific purpose of a given interior with arrangement.

INSTALLATION

TIME SAVING

One of the many advantages to the Kerradeco system is how simple it is to apply to the wall. It offers so many additional design options and because it is so quick to install it minimizes the lost time which is so important for owners of investment properties, retail spaces, restaurants or hotels, where each additional day taken to complete a project results in financial losses.

KERRADECO
40 MIN/M²

WALLPAPER
65 MIN/M²

CERAMIC TILES
125 MIN/M²

For tiles, add drying
time of: 16 hours.

WHAT YOU GAIN?

- two ways to install directly to the wall with an adhesive or on a wooden battens (with screws)
- easy to connect due to a tongue and groove system
- long and short side connection (for 270 and 300 cm long panels – connection on the long side)
- easy cutting
- install using standard carpentry tools
- clean installation
- simple, perfectly matched finishing trims (can be installed with or without finishing trims)
- use rooms immediately after the installation
- quick dismantling (in case of installation on a substructure)

INSTALLATION WITH ADHESIVE

Mounting on a stable surface
(concrete, tiles, plasterboard).
It is recommended to use
VOX universal adhesive,
Cat. No. 6004018 or other
one-component hybrid polymer
adhesives, solvent-free and
isocyanate-free.

INSTALLATION TO THE WOODEN BATTENS

Installation using the wooden
battens is necessary when
the walls are uneven.

PRODUCT PARAMETERS

FEATURE	NORM	TEST RESULT	UNIT
 Low weight Facilitates transport and mounting		5,4	kg/m²
 Optimal format It gives the possibility of lining the entire height of the wall without the need for joining		300 x 29,5 270 x 29,5 135 x 29,5	cm
 Water resistance. Can also be used in the shower			
 Impact resistance	EN 13245-1	not less than 20 (23,20)	J
 Scratch resistance	EN 438-2 p.25	3 4	N class
 Incombustibility	EN 13501-1 BS 476 part 7	B-s3; d0 1	class
 Sound insulation Comparable to drywall	EN ISO 140-4 EN ISO 717-1	Less than $R_w = 60$	dB
 Heat conduction Thermal insulation comparable to a 5.6 mm foam board	EN 12664	$\lambda = 0,065$	W/(m·K)
 Resistance to UV rays	EN ISO 4892-2 EN 20105-102	Not less than 3 on a gray scale	scale
 Security Low global migration to food substances	EN 1186-1 EN 1186-3 EN 1186-14	Ethanol 10%: < 0,3 3% acetic acid: 7,8 ±0,9 Ethanol 95%: 0,3 ±0,1	mg/dm³
 Lead and tin free			
 Recycled product 100% recyclable			
 Certainty 10-year guarantee on the product			
 Does not emit harmful substances	ISO 16000	A+	class

PRODUCT AND ACCESSORIES

PANELS

Kerradeco products come in several formats, thanks to which they can be easily adapted to the wall surface.
Full set of trims, 2.7 m long, available in two colours, will provide the perfect finish to your walls.

DESIGN YOUR INTERIOR IN VOXBOX

Go to vox.pl and try out the VOXBOX application. Our intuitive interior design program is available online and requires no additional software installation. In a few moments you will create realistic visualisations of your rooms and test various solutions that will allow you to design your dream space. You can prepare the project yourself at home or use the help of an advisor in our showroom.

**YOU CAN SEE YOUR DESIGN IN VR TECHNOLOGY
IN OUR SHOWROOM STORES.**

In 2020, VOXBOX won the 'Dobry Wzór' award. The jury pointed out the practicality and usefulness of the app that helps design dream interiors directly in an Internet browser. Also, its interface, friendly even to an inexperienced user, has been appreciated by the jury.

LOOKING FOR INSPIRATION?

Use our range of ready-made designs. All you have to do is alter the dimensions of the default designs to match your interior.

voxbox.pl/en
